QUILTING BATTING

White Cotton

100% WHITE COTTON WITH SCRIM

Legacy White Cotton batting with scrim is ideal for light and white colored quilts, wall hangings, wearable art and crafts. The long staple, 100% cotton fibers are needle-punched with scrim binder to form a uniform batting which is easy to spread, cut and quilt. Legacy White Cotton batting has a wonderful loft, hand and drape. When stitched no farther than 8" apart, it won't bunch, shift, or tear in handling, even after repeated washings.

PRIOR TO USE:

- To pre-shrink batting, soak in very warm water for 20 minutes. Rinse thoroughly. Gently squeeze out excess moisture by rolling in a dry towel. **DO NOT MACHINE WASH OR DRY BATTING BEFORE QUILTING.** Lay flat to dry.

Fiber Content:

100% White Cotton (Scrim binder of 100% polypropylene, less than 1%)

Care Instructions:

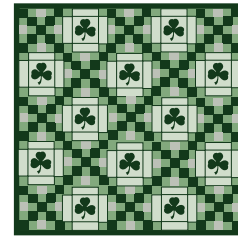

Machine wash warm. Tumble dry low.

NOTE:

- For best results use on white and light colored projects. For medium to dark colored projects, use Legacy Natural Cotton Batting.
