French Press Cozy Assembly

Step 1. Cutting instructions and first step.

Cut two 7" x 15" rectangles main fabric.
Cut one 6" x 14" rectangle of Insul-Fleece™.

Fold one of the 7" x 15" pieces of fabric in half along the 15" side and align the raw edges of the 7" side. Finger press a center crease.

Step 2. Print and cut out paper template. Place it on the crease of the fabric, lining up the center line and centering it 1/2" from the top and bottom edge. Trace across the top and bottom edges as well as inside the notches with a pencil or chalk. Do not trace the sides of the template.

Step 3. Place the two pieces of fabric right sides together. Stitch the top, bottom and one side of the fabric following chalk lines and using a scant 1/2" seam allowance on all areas not marked. See photo for sewing line.

Step 4. Clip a "Y" shaped cut into each notch. Clip the corners.

Step 5. Turn the cozy right side out, poking out the corners with the turning tool. Press flat, leaving the open end out.

Step 6. Place the paper template on the Insul-Fleece™, lining up the center. Mark the notches and cut out.

Step 7. Place the Insul-Fleece™ on top of the cozy to check for size. It should be slightly smaller all around than the fabric. Trim the Insul-Fleece™ slightly if necessary.

Step 8. Insert the Insul-Fleece™ into the cozy, using the turning tool when necessary to push the fleece into the corners.

Step 9. Turn the open end of the fabric in over the Insul-Fleece™ and press.

Step 10. Topstitch around the entire cozy, closing the open end.

Step 11. Place the hook side of the hook and loop tape on one end of the cozy. Stitch in place.

Step 12. Place the loop side of the hook and loop tape on the other end of the cozy on the opposite side from the hook side.
